

MS. EMORY'S CLASSROOM MANAGEMENT PLAN

Below you will find rules that will govern the success throughout our classroom this school year. These rules follow along with our school-wide TRACK program. Please read and discuss each rule carefully with your child and become very familiar with them.

OUR CLASSROOM RULES:

- 1) Listen when someone is talking
- 2) Raise your hand before speaking
- 3) Follow directions the first time they are given
- 4) Treat others with kindness and respect
- 5) Pick up after yourself
- 6) Always do your best

CLIP CHART

Each student will start at "S." each day. This means they are ready and doing everything they are supposed to be doing during the day. If they make good choices above and beyond what is expected, they will clip up the chart. If a student does not follow classroom rules or procedures, they will clip down. Students will have the opportunity to clip back up with good behaviors. If they end the day at S- or below, I will write their conduct in the agenda.

REWARDS

Each child has a sticker chart on his/her locker. Every time a student goes above and beyond the classroom expectations they will earn a sticker on their chart. When the sticker chart is filled up they may choose a coupon as a reward for their good behavior.
